Hi, My name is Dr ○○○. I recently had an issue with my automatic visa into Taiwan as a New Zealand citizen with my passport expiring under ○ months. I just want to pass on my regards and appreciation for the swift and expedited work done by Michael Lee at the TECO Melbourne office. He was able to assist me over the phone on the weekend so that I was able to get an expedited visa on the day of my flight to Taiwan. With his help I was able to attend a conference and present very important research.

Thank you
